

AKASH P GANESH

PROFILE

MCA student with strong technical skills in Python, Java, and JavaScript, alongside expertise in web development and database management. Experienced in data science through a hands-on internship, I excel in problem-solving and self-directed learning. With a keen interest in artificial intelligence and software development, I am committed to continuous improvement and delivering high-quality solutions in the tech industry.

EDUCATION

2023 2025	Master of Computer Application (MCA) Mar Baselios Institute of Technology and Science	SGPA : 8.73
2020 2023	Bachelor of Computer Application (BCA) Baselios Poulouse II Catholicos College, Piravom	CGPA : 7.45
2018 2020	PLUS TWO Mar Elias Higher Secondary School, Kottapady	86.5%
2017 2018	SSLC Mar Elias Higher Secondary School, Kottapady	95%

INTERSHIPS

DATA SCIENCE INTERN

TECACS IT GROUP PVT LTD

6/2024 – 7/2024

Collaborated with a dynamic team on data science projects, utilizing Python and Git for version control. Applied machine learning techniques, to solve real-world problems, enhancing my analytical skills and understanding of data-driven decision-making.

PROJECTS

BIRD FINDER

Developed an advanced application for identifying bird species from images using deep learning algorithms.

Technologies: Python, TensorFlow, Flask, HTML, CSS, JavaScript

Department Website

Designed and deployed a professional website for the Computer Application department at MBITS, enhancing departmental visibility and accessibility.

Technologies: HTML, CSS, JavaScript

Link : <https://mcambits.in>

SKILL LEARN

Created a mobile application aimed at facilitating the learning of IT skills, promoting user engagement and educational growth.

Technologies: Flutter, Node.js, Express.js, MongoDB

ACHIVEMENTS

- Python Certificate from HackerRank (<https://www.hackerrank.com/certificates/05a31815eb8f>)
- JavaScript Certificate from HackerRank (<https://www.hackerrank.com/certificates/9065a2748283>)
